Atlanta Technical College (ATC) partners with several WorkSource Centers to provide training to local residents through the Workforce Innovation and Opportunity Act (WIOA) program. The WIOA program provides assistance to economically disadvantaged adults, dislocated workers and at-risk youth with reliable training to enter and/or re-enter the workforce. These funds are used to assist students with paying tuition, books, fees, uniforms, tools, equipment, etc. to ensure they are skilled and marketable. ATC has successfully partnered with WIOA and previous job training programs for more than 30 years.
