[Register Here](#) to begin the registration process on a company specific link. Upon completion you will receive an email and SMS text with your username and password information to complete your registration through our secure system. After completing these **REQUIRED** steps, you will have the ability to schedule an appointment for your COVID-19 vaccine.

2

For security purposes, you will be asked to complete a 2-step verification before completing the registration process. Then you will be provided with all consent forms to read and approve, this ensures that your information is safe and allows you to have access to all COVID related resources. After completing these steps, you are prompted to change your password.

3

The final step in the registration process is editing your profile. This step can be completed by clicking on the “Edit Profile” button seen on your dashboard. This step prompts you to provide your insurance and payment information, however you **CAN** still receive the COVID-19 vaccine if you are unable to provide this information.

4

After completing the registration process, you will now have the option to schedule an appointment for your COVID-19 vaccine. There are two ways to schedule your appointment, first option is found on your dashboard, you can click on “COVID Appointments” and follow the directions to schedule your appointment. The second option is found on the left-hand side under appointment then click on book appointment.
