Atlanta Technical College Student Code of Conduct

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of this academic community, students are encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for knowledge.

Freedom to teach and freedom to learn are inseparable facets of academic conditions in the classroom, on the campus, other college sites, and in the community. Students are expected to exercise their freedom with responsibility. As members of the academic community, students are subject to the obligations which accrue to them by virtue of this membership. As members of the larger community of which the college is a part, students are entitled to all rights and protection accorded them by the laws of the community. Nothing in this Code of Conduct shall be interpreted to interfere with any person's right to free speech as provided by the First Amendment to the Constitution of the United States of America.

By the same token, students are also subject to all laws, the enforcement of which is the responsibility of duly constituted authorities. When students violate laws, they may incur penalties prescribed by legal authorities. In such instances, college discipline will be initiated if the presence of the student on campus is considered a threat to persons or property, or if that person's presence may disrupt the educational process of the college. However, when a student's violation of the law also adversely affects the college's recognized educational objectives, or violates the college's Student Code of Conduct, the college will enforce its own regulations. When students violate college regulations, they are subject to disciplinary action by the college whether or not their conduct violates the law.

It is the policy of the Technical College System of Georgia (TCSG) to provide technical and adult education programs for the people of Georgia. Atlanta Technical College must provide opportunities for intellectual, emotional, social, and physical growth. Atlanta Technical College students assume an obligation to act in a manner compatible with the fulfillment of the mission. The college community recognizes its responsibility to provide an atmosphere conducive to growth. With these principles in mind, Atlanta Technical College establishes this Student Code of Conduct.

Generally, college jurisdiction and discipline shall be limited to conduct which occurs on college Premises, off-campus classes, activities, or functions sponsored by the college, an examination or any other written or oral work submitted for evaluation and/or a grade, or which otherwise adversely affects members of the college community and/or the pursuit of the college's objectives.

2. Academic Misconduct may be handled using this procedure or a separate Academic Misconduct Procedure via the Executive Vice President of Academic and Student Affairs at the discretion of the technical college president.
3. Investigation and Decision
 - a. Within 15 business days after the Student Code of Conduct Complaint Form (the "Complaint") is filed, the Dean of Students or the technical college president's designee shall complete a preliminary investigation of the incident and schedule a meeting with the student against whom the complaint was filed in order to discuss the incident and the allegations. In the event that additional time is necessary, the Student will be notified.  - b. The student shall have 5 business days from the date contacted by the Dean of Students or the technical college president's designee to schedule the meeting. This initial meeting may only be rescheduled one time. If the student fails to respond to the Dean of Students or the technical college president's designee within 5 business days to schedule the meeting, reschedules the meeting more than once, or fails to appear at the meeting, the Dean of Students or the technical college president's designee will consider the available evidence without student input and make a determination.

 - c. **Reprimand** – A written reprimand may be given to any student. Such a reprimand does not restrict the student in any way, but it signifies to the student that he/she is in effect being given another chance to conduct himself/herself as a proper member of the technical college community, and that any further violation may result in more serious sanctions.
 - d. **Restriction** – A restriction upon a student's privileges for a period of time may be imposed. This restriction may include but is not limited to denial of the right to represent the technical college in any way, denial of use of facilities, alteration or revocation of parking privileges, or restrictions from participating in extracurricular activities.

When a student is charged by federal, state, or local authorities with a violation of law, the technical college will not request or agree to special consideration for that individual because of his/her status as a student. The technical college will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Interim Disciplinary Suspension

As a general rule, the status of a student accused of violations of the Student Code of Conduct should not be altered until a final determination is made regarding the allegations against him/her. However, interim suspension may be imposed upon a finding by the Dean of Students or his/her designee that the continued presence of the accused student on campus constitutes a potential or immediate threat to the safety and well-being of the accused student or any other

member of the technical college community or its guests, or that the continued presence of the student on campus creates a risk of substantial disruption of classroom or other technical college related activities. If an interim disciplinary suspension is imposed, the matter must be referred as soon as possible to the Hearing Body. The student need not request an appeal.

Conditions of Disciplinary Suspension and Expulsion

A scheduled appeal hearing before the Hearing Body shall be understood as expressed permission from the Dean of Students or the technical college president's designee for a student to enter the technical college Premises for the duration of that hearing.

If the student appeared before the Hearing Body to appeal the Dean of Students or the technical college president's designee's sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade, the Hearing Body's decision regarding the appeal is final. A copy of the Hearing Body's written decision will be provided to both the student and the person who filed the original complaint.
5. If the student appeared before the Hearing Body after the Dean of Students or the technical college president's designee recommended disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the student shall have the opportunity to appeal directly to the technical college Executive Vice President.
6. If entitled to an appeal to the technical college Executive Vice President, the student shall have 5 business days after receiving written notification of the Hearing Body's decision to request in writing an appeal. The student shall ensure that all relevant information is included with this request. The person who filed the original complaint shall be notified of the student's appeal.
7. The Executive Vice President of the technical college or his/her designee's review shall be in writing and shall only consider evidence currently in the record, new facts not brought up in earlier stages of the appeal shall not be considered. The decision of the technical college Executive Vice President or his/her designee shall be final and binding.

Atlanta Technical College Student Grievances Procedure

It is the policy of the Technical College System of Georgia to maintain a grievance process available to all students that provides an open and meaningful forum for their grievances, the resolution of these grievances, and is subject to clear guidelines. This procedure does not address grievances related to the unlawful harassment, discrimination and/or retaliation for reporting harassment/discrimination against students. Those complaints are handled by the Unlawful Harassment and Discrimination of Students Procedure.

DEFINITIONS:

- A. Grievance issues: Issues arising from the application of a policy/procedure to the student's specific case is always grievable. Specifically, grievable are issues related to student advisement, improper disclosure of grades, unfair testing procedures and poor treatment of students; this is a representative list and is not meant to be exhaustive.
- B. Non-grievable issues: Issues which have a separate process for resolution (i.e.

disciplinary sanctions, FERPA, financial aid, academic grades, discrimination, harassment etc.) are not grievable and a student must take advantage of the process in place.

- C. Business days: Weekdays that the college administrative offices are open.
- D. Dean of Students: The staff member in charge of the student services division at the college.
- E. Retaliation: Unfavorable action taken, condition created, or other action taken by a student/employee for the purpose of intimidation directed toward a student because the student initiated a grievance or participated in an investigation of a grievance.
- F. Grievant: the student who is making the complaint.

PROCEDURE:

- A. For all timelines established herein, if a student needs additional time, an extension may be granted at the Dean of Students' discretion.
- B. Informal Grievance Procedure: Students with grievable issues should resolve those issues, if possible, on an informal basis without the filing of a formal grievance.
 - 1. A student has 10 business days from the date of the incident being grieved to resolve the matter informally by approaching their instructor, department chair or any other staff or faculty member directly involved in the grieved incident.
 - 2. Where this process does not result in a resolution of the grievable issue, the student may proceed to the formal grievance procedure below.
- C. Formal Grievance Procedure: where a student cannot resolve their grievance informally, he or she may use this formal grievance procedure.
 - 1. Within 15 business days of the incident being grieved, the student must file a formal grievance in the office of the Dean of Students or the technical college president's designee with the following information:
 - a. Name,
 - b. Date,
 - c. Brief description of incident being grieved,
 - d. Remedy requested
 - e. Signed, and
 - f. Informal remedy attempted by student and outcome
 - 2. If the grievance is against the Dean of Students, the student shall file the grievance with the Executive Vice President of Academic and Student Affairs.
 - 3. The Dean of Students, or the technical college president's designee, will investigate the matter and supply a written response to the student within 15 business days.
 - 4. If the grieved incident involves possible unlawful harassment, discrimination, or retaliation for reporting unlawful harassment/discrimination, the investigation will be handled pursuant to the Procedure: Unlawful Harassment and Discrimination of Students.

5. If the grieved incident is closely related to an incident being processed through the harassment/discrimination or disciplinary procedures, the proceedings under the Unlawful Harassment and Discrimination of Student's procedure will take precedence, then the disciplinary procedure and then the student's grievance will be addressed. The grievance will not be processed until after the other procedures have run their course.
 6. The Dean of Students, or the technical college president's designee, shall be granted an additional 15 business days to investigate the grievance upon notice to the grieving student.
- D. Appeal: The student may appeal the decision from the Dean of Students or the technical college president's designee to the technical college Executive Vice President. Only the student has the right to appeal.
1. A student shall file a written appeal to the technical college Executive Vice President within 5 business days of receiving the response referenced above.
 2. The appeal will be decided based entirely on documents provided by the student and the administration; therefore, the student must ensure that he or she has provided all relevant documents with his or her appeal.
 3. At the sole discretion of the technical college president, grievance appeals at their institution may be held in one of the following two ways:
 - a. The technical college president or designee may review the information provided by the student and administration and make the final decision; or
 - b. The technical college president or designee may appoint a cross-functional committee to make the final decision.
 - c. The decision of the technical college president or designee shall be made within 10 business days of receipt of the appeal.
 4. The decision of the grievance appeal is final.

INTERIM ADDENDUM TO STUDENT CODE OF CONDUCT

COVID-19 and Public Health-Informed Campus Policies

Atlanta Technical College intends to perform its educational mission while protecting the health and safety of its students, faculty and staff, and minimizing the potential spread of the novel coronavirus, COVID-19, within the community.

Risks of COVID-19

In order to understand the risks that you face by returning to campus, you must understand that COVID-19 is a highly infectious, life-threatening disease declared by the World Health Organization to be a global pandemic. There is no vaccine for COVID-19 at this time.

COVID-19's highly contagious nature means that contact with others or contact with surfaces that have been exposed to the virus, may lead to infection. Additionally, individuals who may have been infected with COVID-19 may be asymptomatic for a period of time or may never exhibit symptoms at all.

Because of its highly contagious and sometimes "hidden" nature, it is very difficult to control the spread of COVID-19 on campus or to determine whether, where, or how a specific individual may have been exposed to the disease. Atlanta Technical College is taking steps recommended by public health authorities to minimize the risk of spreading this disease on our campus.

Atlanta Technical College cannot and does not guarantee a COVID-19-free environment, and there remains a risk that you may contract COVID-19 if you come onto campus to live and/or attend classes. We are providing you with the following notice as well regarding the risk of contracting COVID-19 when you enter upon our campus:

Warning

Under Georgia law, there is no liability for an injury or death of an individual entering these premises if such injury or death results from the inherent risks of contracting COVID-19. You are assuming this risk by entering these premises.

In order to minimize the risks associated with COVID-19, the policies and guidelines below are incorporated into the Atlanta Technical College Student Code of Conduct and are applicable to all students.

Your compliance with these requirements is essential to assisting the college in minimizing the risks to you and other members of the community.

General Principles:

You are subject to all guidelines for individuals related to the COVID-19 pandemic established by the United States Centers for Disease Control and Prevention (CDC).

In addition, the State of Georgia has issued guidelines for personal behavior during the COVID-19 pandemic, and you must comply with such guidelines at all times. You understand that both sets of these guidelines may change, and it is your responsibility to ensure that you understand and comply with these guidelines at all times.

From time to time the College may implement additional requirements restricting your behavior and you agree to comply with such requirements.

You understand that these conditions and limitations on your personal behavior are necessary in order to reduce the risk of transmitting and/or being infected by the COVID-19 virus and that your failure to comply with these responsibilities may jeopardize your health and safety, as well as the health and safety of others in the campus community, potentially causing severe illness and death.

Requirements:

Students will comply with governmental, state, and campus directives concerning maintaining required physical distancing (six feet) between themselves and other individuals on campus.

Students will use a face covering of their choosing that conforms to CDC guidelines anytime that they are in an indoor space where the College deems that social distancing is not practical, including but not limited to academic spaces and dining areas (except while eating) unless given different instructions by authorized college personnel:

Students will engage in frequent hand-washing and follow proper sneeze and cough etiquette, as recommended by the CDC;

Students understand and agree that they may be subject to regular testing for the COVID-19 virus and contact tracing, if testing and contact tracing is available, and they agree to submit to this testing and tracing, and the confidential reporting of the results to the College, without objection;

If students develop any symptom of COVID-19 as described by the CDC, they will immediately:

Inform the College by notifying appropriate personnel;

If living on campus, stay in their dorm room until given further instructions by the College;

Remain off campus if not currently residing on campus;

If required by the College, agree to remain in self-quarantine for a time period determined by the College, in consultation with public health authorities, and/or move to a different room in order to receive medical care and/or self-quarantine.

The above conditions may change, and students agree to follow all college directives relating to COVID-19 and public health requirements.

Any failure to adhere to any of the above directives is a violation of the Code of Conduct that may result in sanctions, including but not limited to suspension or dismissal from the College.
